Child, Youth and Family Enhancement Act Information Session

for Authority and Agency Foster Parents

The Enhancement Act will be proclaimed province-wide on November 1st, 2004. Calgary and Area CFSA would like to encourage all stakeholders to learn more about the Enhancement Act, how it will impact your work with children, families and Authority staff, and provide an opportunity for dialogue and questions. For your convenience, a session will be held in various areas of Calgary and Area on the dates listed on the back of this page.

This Enhancement Act information session is **mandatory** for all foster parents. If you are unable to attend one of these dates, you will be required to obtain it through **regularly scheduled Foster Parent Training**. Current standards for coverage of child care and mileage costs will apply.

Space is limited at some locations.

Registration Opens July 28th, 2004 8:15AM.

Registration must be received by September 8th, 2004.
